This Project is
Funded By

MRSN/LASAR:

We work in partnership to provide information, advice and networking support to Refugee Communities, as well as those organisations working with or for refugees and asylum seekers across Merseyside.

We also provide services to support individual asylum seekers, refugees and other migrants, including employment & training advice and support, as well as English, Interpreting and IT classes, and run an ESOL-JobClub too.

The Network hosts quarterly meetings to discuss local, national and international issues and good practice. You are welcome to get involved!
